Von John Sandford : Sudden Prey (The Prey Series) before purchasing it in order to gage whether or not it would be worth my time, and all praised Sudden Prey (The Prey Series):

John Sandford (aka John Camp) has become my new favorite author as I've read thru the Prey series. If you are just starting out, try to read them in order of publication, so you don't miss anything! A great read, I love Lucas Davenport! 0 von 0 Kunden fanden die folgende Rezension hilfreich. Gets Better As it Moves Along Von Ein Kunde This was the first Sanford book I've read, and it won't be the last. It will never win my "Book of the Year" award, but it was a better than average, entertaining read. My only complaint is that early on, there are too many characters introduced too quickly, and it easily confused as to who is who. But as it moved on, and the story spread out, that problem diminished. It's not the most original novel, but that's not what Sanford's shooting for here. He's shooting for In-Your-Face, Fast Paced suspense - and he delivers! Anybody who is a fan of TV shows like "NYPD Blue" or "Murder One" will appreciate this book. The fast paced, back and forth action takes on a similar pattern to these shows. Enjoy! 0 von 0 Kunden fanden die folgende Rezension hilfreich. Sandford pushes Davenport to the limit. Von nollaig@Juno.com Poor Lucas! The man is close to breaking point. In the midst of the fury he is seen to be laughing, with a dead cop close by no less. How much longer 'til he loses it for good. Weather is his alter ego, devoting her life to the restoration of the human body. Can she restore Lucas? It is quite clear that Mr. Sandford is gearing up for the final Davenport outing - could it be "Let us Pray"? Either that or he gets married and settles down to a life of wedded bliss and devotes himself to creating crime games while the bad guys go about their business. I don't think so. Anyway, "Sudden Prey" is a rip roaring read but as I said, the man is a basket case (Davenport that is)

Kurzbeschreibung The crime spree should have ended when Lucas Davenport killed the female bank robber during the shoot-out. But it's just beginning, because the woman's husband isn't about to let Lucas or anyone he loves escape retribution. WITH A NEW INTRODUCTION BY THE AUTHOR. de Revenge is the engine which powers Sanford's seventh "Prey" thriller starring superslick Minnesota cop Lucas Davenport. When a dangerous female bank robber is killed in a shootout, her even more dangerous husband escapes from prison and begins a campaign of retribution against the families of Davenport and his team. As always with Sandford, excellent writing is the icing on an enjoyable cake. (Other Sandford "Prey" books: Eyes of Prey, Mind Prey, Night Prey, Rules of Prey, Silent Prey, Winter Prey.) Pressestimmen Relentless a thriller that will make your hair stand on end.--Publishers Weekly Grabs you by the shirt from the start.--Chicago Tribune Davenport...is an intelligent, mesmerizing hero.--Orlando Sentinel A wonderful novel peopled with unforgettable characters. The tension never stops.--The Orange County Register Fans of previous Sandford novels will be thrilled.--Booklist Sudden Prey delivers!--Omaha World-Herald
