Mirjam An enjoyable quirky romance for a rainy, cosy afternoon at home or an easy read for a short weekend trip.

**Kurzbeschreibung** When Tanith Russell gives up a coaching job in Majorca to move back to London, she doesn't know if she's made the right decision. The one thing she is sure about is leaving her ex-fiancee, even though it's a decision that has upset her parents. She settles in nicely in her new flat with her best friend, Becky, also recently single after divorcing her husband, and as she starts work at a local health food store, Tanith feels she might finally have found somewhere she could settle, a place to put that wandering spirit of hers to rest. But all that changes when she meets Adam Fear, a man who knocks her right back off her feet again. With everything up in the air, will Tanith manage to find her way with Adam? Or will she be left looking for a new start once more? **Suddenly You Know** is an enthralling romance about finding yourself... and finding love. Jill Barry is a former air hostess, secretary and guest house owner and now finds inspiration for her contemporary and historical romance novels in her own quiet corner of Wales. She has also written *A Life Less Lonely* and *Homefront*.
